

**Perfect Conditions for the 20<sup>th</sup> Birkie!**

The Canadian Birkebeiner Cross Country Ski Festival on Saturday February 10, 2007 at Cooking Lake-Blackfoot Provincial Recreation Area proved to be a great day. The temperature at the start was – 17 C for the 581 skiers in the 55 km events and the 575 skiers in the 31 km Journal Tour. During the day it warmed up to -14 C with bright sunshine. Conditions were excellent on a 30 cm packed base and ten cm of new snow in the days leading up to the Birkie. A light snowfall the night before gave early racers an extra workout. Participants looked happy while volunteers on the trails stayed warm serving drinks and munchies. It takes 650 volunteers to run this winter festival.

Almost 1,900 skiers entered the 20<sup>th</sup> annual Birkie, coming from as far away as Norway and New Zealand.

Complete results are posted on the Canadian Birkebeiner website and in The Edmonton Journal Friday, February 16, 2007.
