

# 4 and 8 km Routes

## Elevation (m) vs. Distance (km)

Please note scale. These courses are over a gently curving, wide trail.  
Beginning skiers will have plenty of space to make turns and speed corrections where necessary.

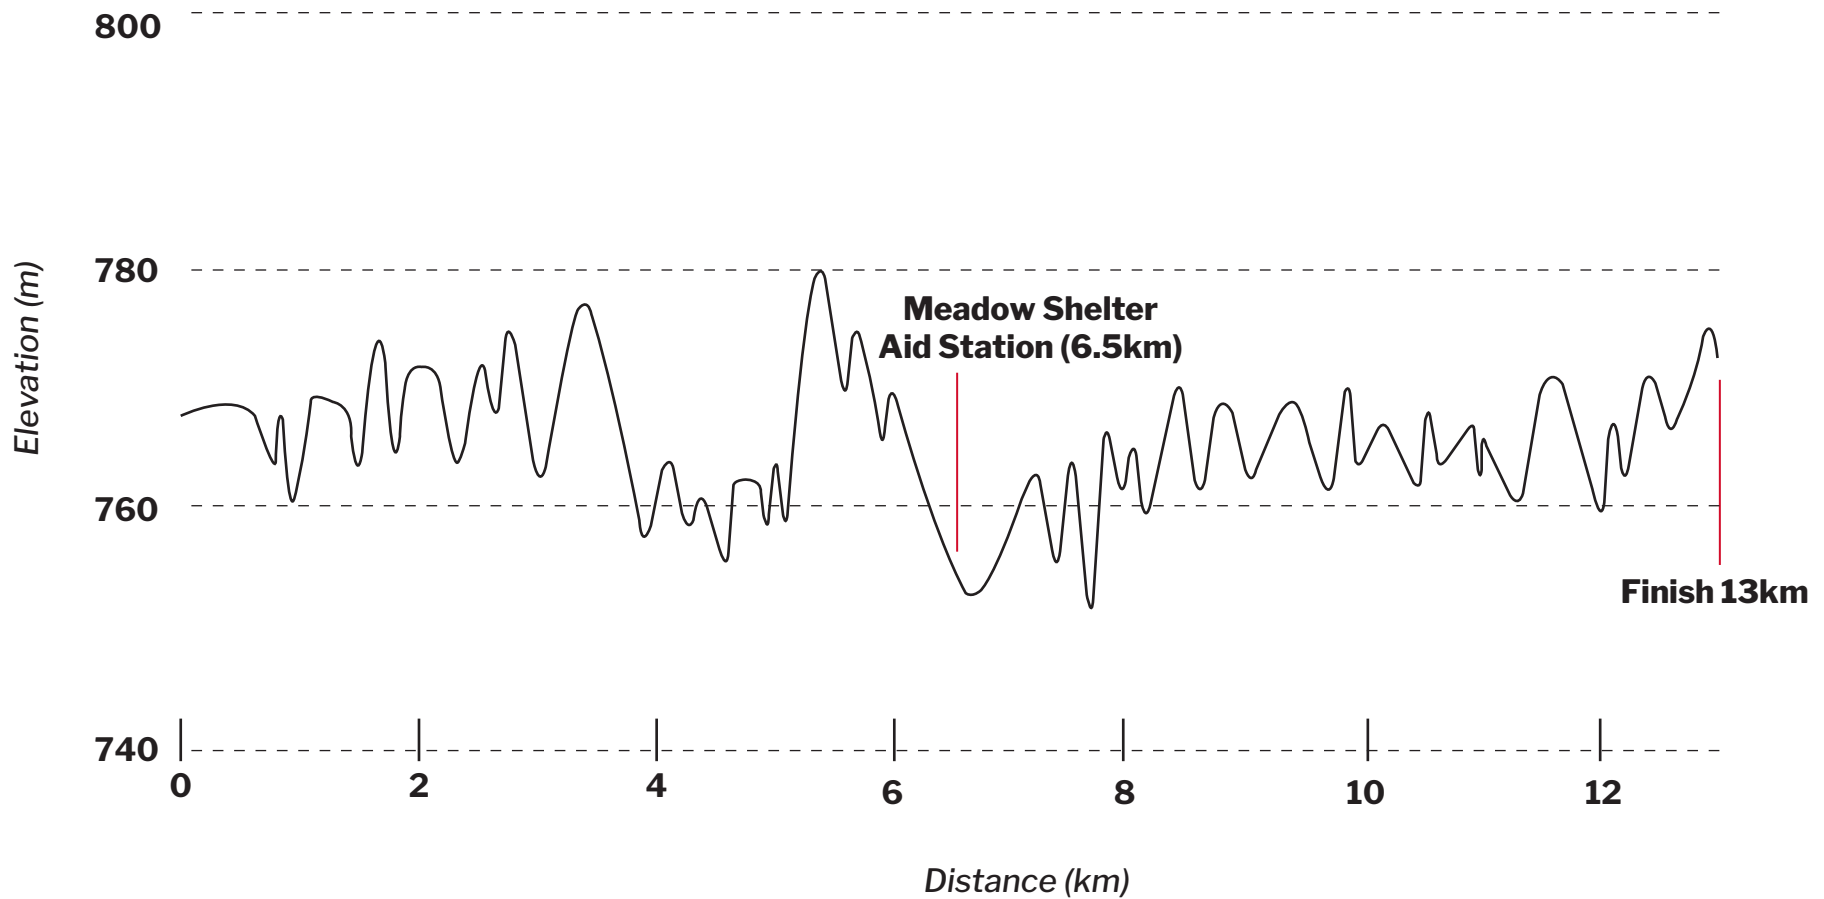

Total Gain: 72m (4km), 145m (8km)  
Total Loss: 73m (4km), 150m (8km)

# 13 km Route

## Elevation (m) vs. Distance (km)

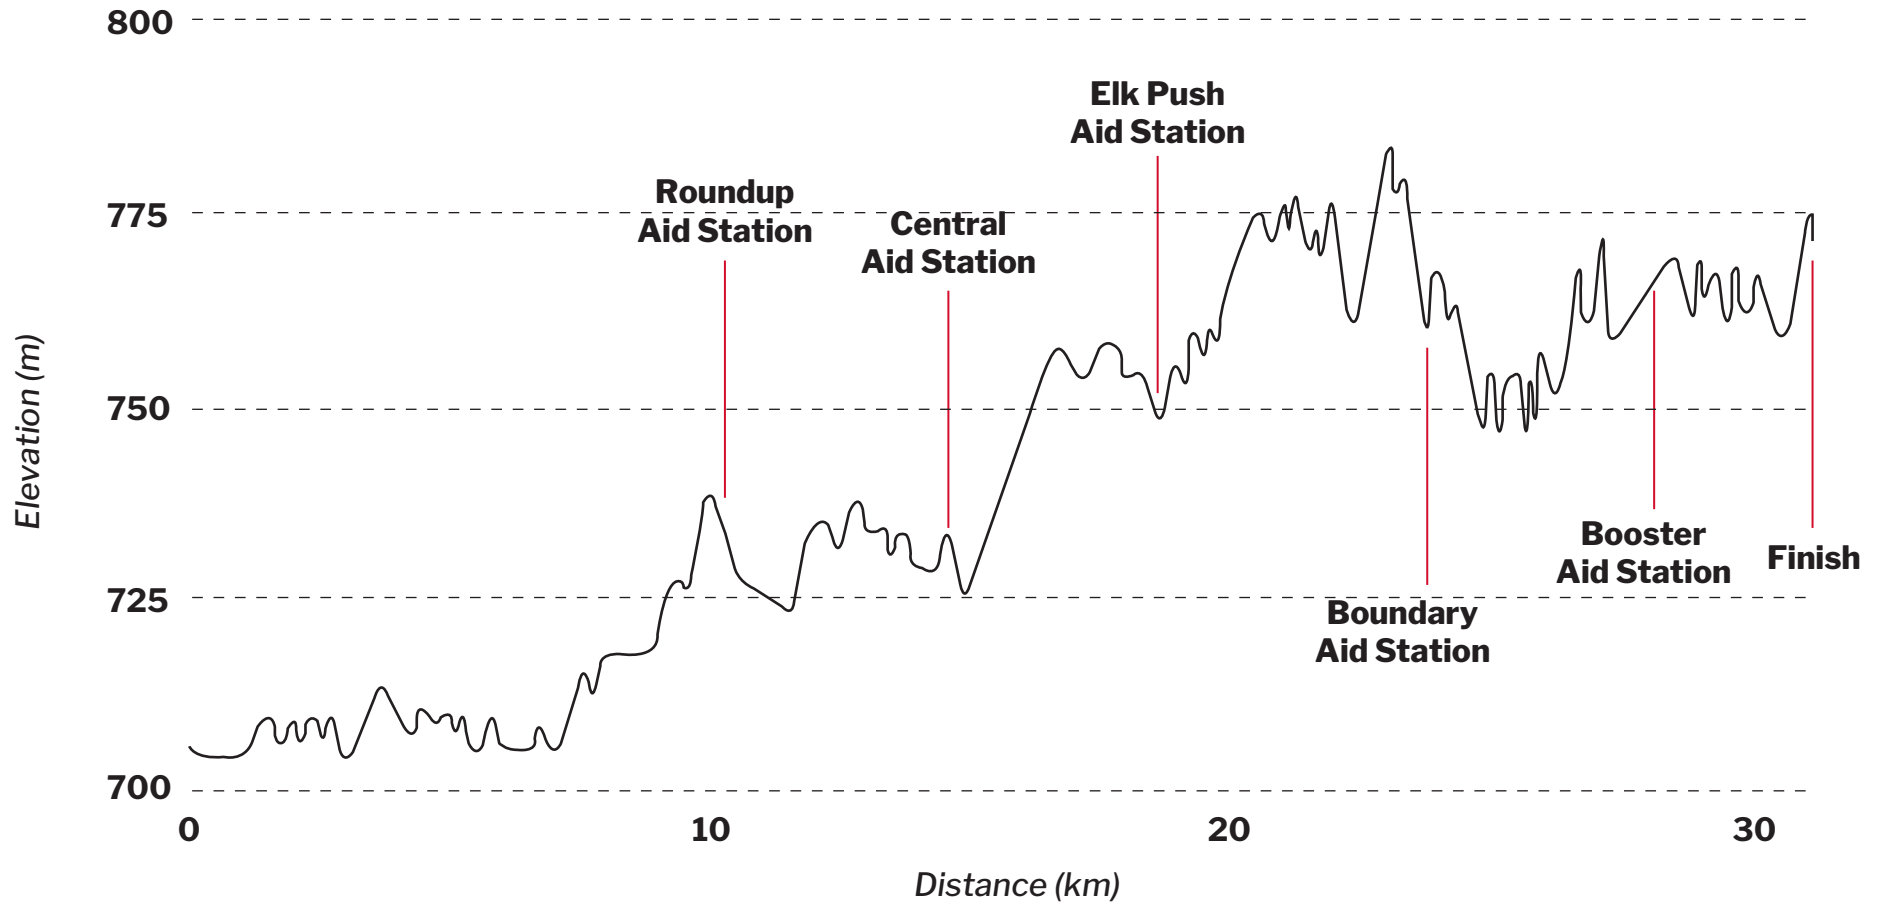

Please note scale. Some downhill sections represent moderate drops occurring on wide and gently curving trails. Sharp turns along the course are marked in advance. Conditions should be addressed easily by intermediate skiers. Beginning skiers may wish to snowplow some sections.

Total Gain: 297m  
Total Loss: 297m

# 31 km Route

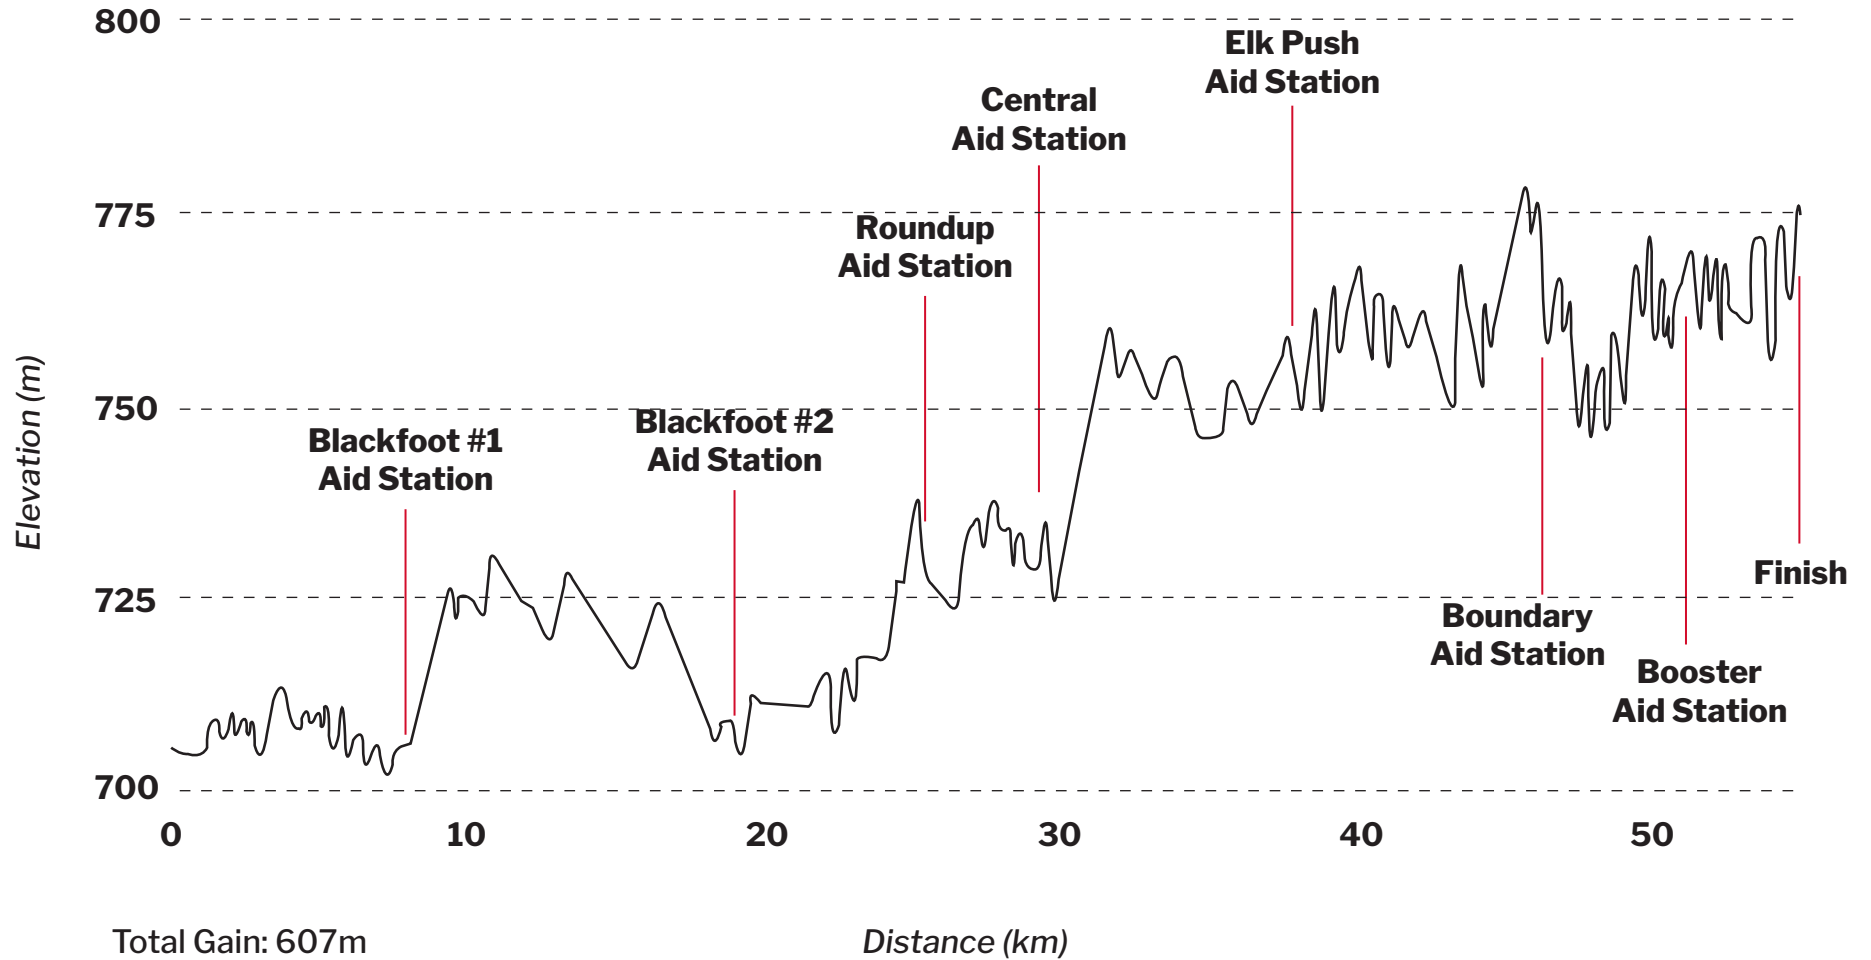

Elevation (m) vs. Distance (km)

Total Gain: 450m  
Total Loss: 387m

# 55 km Route

Elevation (m) vs. Distance (km)

Total Gain: 607m  
Total Loss: 540m
