## Join us for the New Moon Birkie Saturday Feb 18th, 6pm

Join us for the last in-person Birkie event this season: New Moon Birkie.

“The only source of light will be the faint glow from the stars since you will be well away from vehicle lights, street lamps or house lights,” says event Chief Peter Kershaw. “With clear skies and no moon, the Milky Way and the rest of the firmament should be visible from horizon to horizon. We might even get lucky and have an aurora borealis display. However, with no moonlight, headlights are even

more essential on the trail.”
